

LEGGE

13000 Series Hinges

General hardware

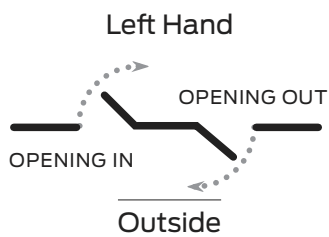

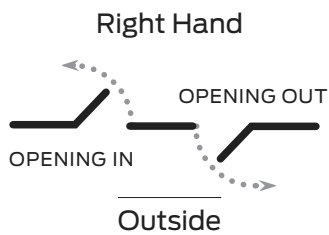

Butt hinges are inset (mortised) into the door and frame. Most residential and commercial hinges are made of steel for strength. However many mortise hinges for exterior doors are made of brass or stainless steel to prevent corrosion.

Allegion hinges are no exception. The 13000 Series include a variety of hinges to suit timber or metal doors in several different applications.

Features

- Lift off hinges with loose pin for easy removal of door
- Fixed and loose pin button tipped broad butt hinges
- Plano hinges up to 1830mm long
- Fast fix hinges suitable for metal frames with metal doors or metal frames with wooden doors
- The 10 year warranty provides specifiers and users with assured quality

Handing guide
