

Wi Fi Bridge BZ100

Remote access allows you to fully benefit from the use of the Schlage Omnia™ and Schlage eGO™ Smart Locks. Simply pair your lock with the Schlage Wi-Fi Bridge (BZ100) to access and program anytime.

The Schlage Wi-Fi Bridge provides real-time connectivity with the Schlage Omnia™ or Schlage eGO™ Smart Lock, so you can access them even from work or when away on holiday. Manage access codes for guests, receive notifications when your lock has been accessed or tampered with from wherever you are connected.

Note that mobile or Wi-Fi data will be required to connect to your lock remotely.

Features

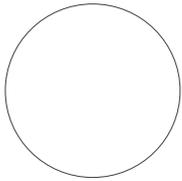

- Easy to set up and program
- Compatible with the Schlage Breeze App
- Manage access for guests from the Schlage Breeze App when you're not at home
- Program access codes for temporary or recurring visitors
- Send virtual keys through the Schlage Breeze App via text message to guests
- Ideal for AirBnB or managed apartment complexes to provide guest access
