

Home automation at your fingertips, the stylish Schlage Encode™ Smart Wi-Fi Deadbolt **gives you total control.**

Schlage Encode™

The revolutionary Schlage Encode™ Smart Wi-Fi Deadbolt connects directly to your home Wi-Fi. There's no need to purchase an extra accessory or hub to control your lock from anywhere, making it easy and intuitive to use.

Simply pair your lock with the Schlage Home app on your smartphone to lock and unlock your door from anywhere. You specify who has access and when by setting up to 100 codes, or send virtual keys to trusted friends, family or guests via text or email. Receive notifications when your lock has been accessed.

Total control and peace of mind at your fingertips.

Visit schlage.com.au/encode for more information.
