

201 Nightlatch

General purpose nightlatch with inside snib.

Features and Specifications

- Opened by key from outside and by turn knob inside
- Inside snib may be used to holdback or deadlock bolt, so that key will not operate

Open Out Strike

Part Number SP201-67SC.

Keying

- Supplied individually keyed with two keys per lock
- 78,000 key combinations
- Key blank KB2015P

Restricted Special Keying

Lockwood locks can be keyed to a number of controlled and/or specially keyed systems. These range from legally protected keys to protect against unauthorised duplication, which can also include specially designed key systems such as master key systems, which allow for different levels of mechanical access control.

Please refer to Lockwood Keying Catalogue or contact your local sales office or customer service for specific information.
