

355/303 Deadlocks

303 Deadlock

The security features provided by the 303 Deadlock make it an ideal lockset for both domestic and commercial applications.

Features & Specifications

Suitable for hinged or sliding doors, the 303 features a strong interlocking case and mounting plate to resist jemmy attack, along with concealed fixing and a positive deadlocking action.

The mechanism and the design are protected by Australian and International Patents and Design Registrations.

Case

Thick walled, high purity zinc alloy casting. 121 mm wide, 76 mm high, 56 mm projection.

Backset

60 mm.

Bolt

Stainless steel.
