Tested to AS4145.2 2008 for Neutral Salt Spray passing C6 Normal Corrosion Resistance - 168 Hours.

Palladium® Series Furniture

French Door - PLFD Versions

These are used on the fixed door of a set of double doors. The outside furniture has no visible screws, no cylinder hole and the handle is fixed. The inside furniture has visible screw fixings, is used to operate two way locking and has a cylinder hole. This works with the cylinder supplied with the two way lock.

PLFD/85/##

Passage - PL1 Versions

These are used on the active door of either single or double doors. The outside furniture has no visible screws, no cylinder and the handle operates the latch on the lock. The inside furniture has visible screw fixings, no cylinder hole and the handle operates the latch on the lock.

PL1/85/##

Double Cylinder - PL4 Versions

These are used on the active door of either single or double doors. The outside furniture has no visible screws, a cylinder hole and the handle operates the latch on the lock. The inside furniture has visible screw fixings, a cylinder hole and the handle operates the latch on the lock. Handles operate bolts when used with a compatible multi point lock.

PL4/85/##

Dummy - PL5 Versions

These are used on the fixed door of a set of double doors. The outside furniture has no visible furniture screws, no cylinder hole and the handle is fixed. The inside furniture has visible screw fixings, no cylinder hole and the handle is fixed.

PL5/85/##

Snib - PS4 Versions

These are used on the active door of either single or double doors. The outside furniture has no visible screws, a cylinder hole and the handle operates the latch on the lock. The inside furniture has visible screw fixings, a cylinder hole and the handle operates the latch on the lock. The snib on the inside locks and unlocks the handles.

NOTE: Palladium (Xtra) Snib PS4 version is fully interchangeable with old Palladium Xtra PX4 version which had lock-status indicator.
