Libi™ Digital Lever Keyed

Experience the perfect blend of simplicity and security with the Yale Libi, a digital lock designed for those who prefer a key-free lifestyle without the need for apps or smart home integration.

Yale Libi is ideal for anyone seeking a straightforward, reliable digital lock. It provides secure access using PIN codes and traditional keys—no smartphone connection required. It's a practical choice for those moving away from traditional keys but still wanting a simple, high-quality solution.

Designed to fit a standard 54mm bore hole, it's a quick and easy replacement for your existing leverset (single hole, no deadbolt), with no power tools needed.

This digital leverset offers keyless entry with a mechanical override for extra peace of mind. The proximity sensor-activated, backlit LED keypad ensures easy use, even at night, while the glove-friendly keypad and Passage Mode make it perfect for tasks like gardening or laundry—keeping your door unlocked when needed without the worry of accidentally locking yourself out.

Features & Specifications

- C4 keyway
- LED backlit with gloves-friendly keypad (proximity wake up interface)
- Auto-locking function (when Passage Mode is disabled)
- Auto-90 second lockout (5 incorrect code attempts)
- Mechanical key override
- Up to 75 user codes (Five one-time user codes)
- Reversible door handing (suits right or left-hand doors)
- Meets ANSI/BHMA Grade 2
- Retrofit Solution for Mechanical Leverset (54mm borehole, single hole no deadbolt)
- Suitable door thickness 35mm – 45mm
- Backset adjustable to 60mm or 70mm
- Operating Temperature -20°C ~ 70°C
- Operating Humidity 30% ~ 90%
- Available in Satin Nickel & Matt Black finishes
- 1x 9V battery required (not included)*

*For optimum results, we only recommend alkaline batteries. Up to 12 months depending on the frequency of your usage (10 cycles per day)

Libi™ Digital Lock Keyed

Experience the perfect blend of simplicity and security with the Yale Libi, a digital lock designed for those who prefer a key-free lifestyle without the need for apps or smart home integration.

Yale Libi is ideal for anyone seeking a straightforward, reliable digital lock. It provides secure access using PIN codes and traditional keys—no smartphone connection required. It's a practical choice for those moving away from traditional keys but still wanting a simple, high-quality solution.

Designed to fit a standard 54mm bore hole, it's a quick and easy replacement for your existing deadbolt, with no power tools needed.

The new digital deadbolt shares all the features of the leverset but replaces passage mode with the One Touch lock feature, designed for quick and secure locking with a single tap. Whether you're returning from a late surf session, a bushwalk, or a long day at work, the Yale Libi digital lockset provides effortless access and peace of mind.
