PASSAGE SET

- Suitable for passage doors, corridor doors.
- Corresponding parts: Tubular Latch.
- Options:  
To avoid the handle hit against the wall, a suitable Door Stop is required.

PRIVCY SET

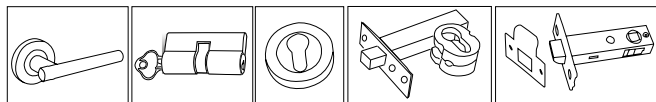

- Suitable for bathroom doors, toilet doors and bedroom doors.
- Corresponding parts: Privacy Latch with Push Pin.
- Options:  
To avoid the handle hit against the wall, a suitable Door Stop is required.

LOCK SET (A)

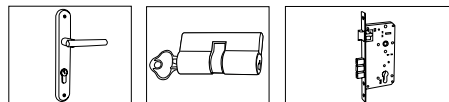

- Suitable for front doors.
- Corresponding parts: Tubular Latch, Dead Bolt, Euro Double Cylinder, and Escutcheons with euro key hole.
- Options:
  - a) Inside Turn Snib Cylinder.
  - b) To avoid the handle hit against the wall, a suitable Door Stop is required.

LOCK SET(B)

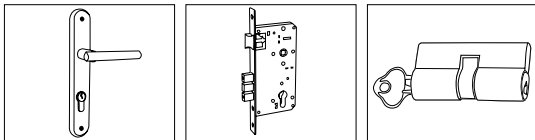

- Suitable for front doors.
- Corresponding parts: Mortise Latch Lock, Euro Double Cylinder.
- Options:
  - a) Inside Turn Snib Cylinder.
  - b) To avoid the handle hit against the wall, a suitable Door Stop is required.

LOCK SET (C)

- Suitable for front doors.
- Corresponding parts: double action Mortise Lock with anti-file proved Dead Bolt and a Euro Double Cylinder. -Options:
- a) To avoid the handle hit against the wall, a suitable Door Stop is required.
- b) For double door situation, two Flush Bolts and a Rebate Conversion Kit may apply.
- c) For glass panel doors or metal doors, please choose suitable backset for the Mortise Lock.
- Please indicate handing for handles when ordering. (The picture shown above is LH)

## INTRODUCTION

Classic Hardware Suppliers Pty Ltd was formed in Melbourne, Australia in 1992. From humble beginnings, we are now recognized as one of the leading suppliers of architectural door hardware and bathroom accessories to the building industry.

As the world is changing, so are we. Our investment into research and development has allowed us to create bold, clear geometric and contemporary designs to meet this challenge. It has always been the philosophy of the company to manufacture and distribute quality products at an affordable price.

Architects, developers and builders specify these products under the brand name of ARCHITEC (ARCHITECH), which is synonymous with quality and performance. We appreciate our achieved success by acknowledging contributions from our customers and business partners.

ARCHITEC products are now sold in a number of countries throughout the world who experience the efforts we continue to improve on.
