

HB 1410 TIMBER FIXING KIT

The HB 1410 Fixing Kit set allows the HB 1470 and HB 1475 flush pulls to be installed into timber joinery with concealed fixing.

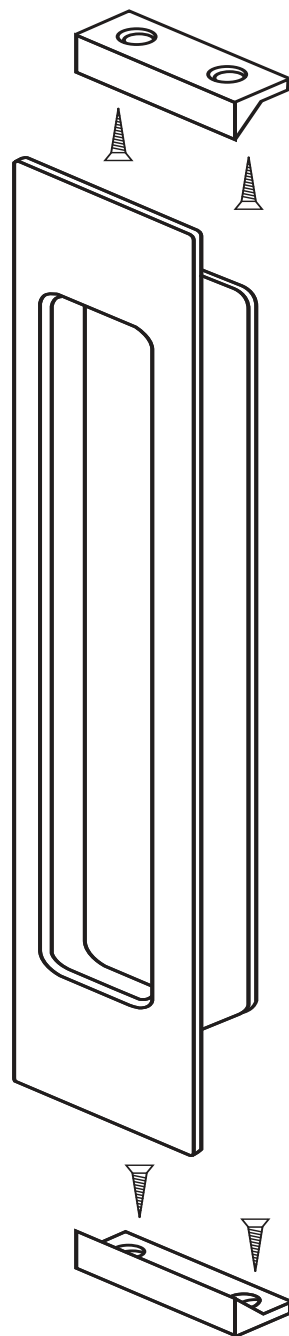

All of our flush pull handle range are designed to go straight into aluminium or steel joinery without the use of these kits.

For each flush pull you require 1 x HB 1410 Timber Fixing Kit.

Flush pulls using HB 1410 :

HB 1470

HB 1475
