HB 710 - L MAGNETIC DOOR STOP

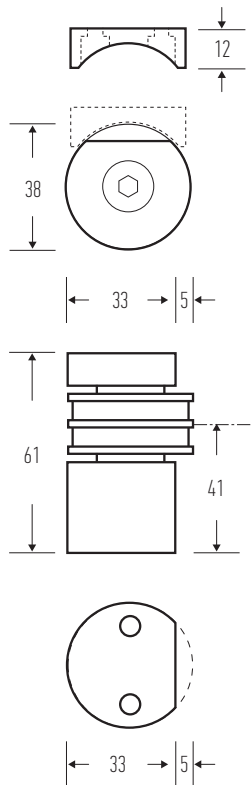

The Halliday + Baillie HB 710-L Round Door Stop is designed to provide a stronger mechanical holding force than the HB 710 model for when a mechanical hold open function is required. The door-mounted steel Keeper is finished to match and nests perfectly into the magnet, providing a strong 3300 Gauss force for securing larger doors.

Suitable for interior or covered exterior use. Includes steel Keeper, and all fasteners.

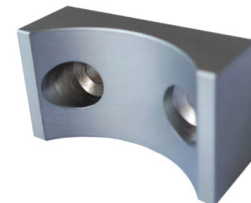

Material : Aluminum-alloy, stainless steel fasteners, steel keeper and magnets.

Dimensions : 1½" \varnothing x 2.4" H
Base to center of magnet : 1.6"

Available in all standard Halliday + Baillie finishes. See finishes sheet for further details.

Keeper

Designed and manufactured in New Zealand. For more information on this product and others please visit www.hallidaybaillie.com. For dealers in North America, contact Bridgeport Worldwide +1-800-362-1484 www.BridgeportWorldwide.com/hallidaybaillie. All information subject to change.
